Open Morning – Saturday 25 September 2021

It is a genuine pleasure to welcome you to George Heriot's School. Thank you for your interest in Heriot's: we hope that you enjoy our films.

Open Morning is intended to provide you with as full a picture as possible of what Heriot's has to offer. We hope that our aims align with your aspirations for your child(ren) and that you will find plenty of examples of how Heriot's can fulfil these. Our pupils' academic attainment (most obviously exemplified by their excellent examination results in recent years), and their achievements in a huge range of activities beyond the classroom (which you can read about in the news pages of the website) are all part of the picture, but the main impression we hope you have gained is of happy Heriot's pupils, who would be delighted to welcome your child(ren) to their school. By its nature, however, Open Morning films can only provide a flavour of the school, so please do not hesitate to contact us and visit Heriot's on a normal school day to find out more.

The information you can download contains specific information on both the Junior and Senior Schools, Entry Procedures and information on specific matters such as admissions, careers or fee remission. A copy of our new school Prospectus can be requested through our website.

May I take this opportunity to thank you for your interest in Heriot's. We hope that our films are informative and enjoyable for parents and children alike. If after watching, you would like further information, please do not hesitate to contact the Admissions Office.

With very best wishes

Mr Garreth Warren
Principal
