'Reverse Advent Calendar'

As well as opening our advent calendars this year, S5 will be donating 1 item per day towards their class's 'Reverse Advent Calendar'. The aim of this project is to end up with 24 items/goods per class, which will be sent out to Ukraine for those who are in desperate need.

The organisation which we will be working with for this project is:

Tayside And Strathearn Help for Ukraine (TASH4UKRAINE)

They are the biggest distribution centre in Scotland for donations being delivered to Ukraine. They have sent a whopping 33 trucks of supplies since March 1st consisting of £1 million worth of aid!

The idea is that as a year group we will be distributing cheerfully by giving and helping others during a time which can become very overwhelming by the commercialisation of what Christmas has become!

The temperatures are hitting minus 20 degrees at the moment, and access to electricity and gas is tricky. Tinned foods and supplies that require minimal E+G are therefore in high demand.

Our donations will be sent out in one of their TASH4UKRAINE trucks in January. We are looking forward to seeing the boxes of supplies grow over the next 3 weeks!!

How it will work:

- The calendar will show an item per day – 24 days, just like in an advent calendar!
- You can discuss in your classes who would like to be assigned to each day (including weekends) and that person brings in that item on that day.
 - Once you have added the item, cross it off your calendar!
- Of course, this is not compulsory, and teachers are also allowed to get involved!
- By the end of the term we will have a fantastically full box of items ready to be taken away to the depo in Errol in January.
