Entry Procedures

George Heriot's School admits children from the ages of 4–18. Whilst the majority of new pupils to the School have no direct connection with Heriot's, priority is understandably given to Foundationers and siblings. Our Nursery caters for children in their pre-school year. The main entries for session 2024-25 are Primary One, Primary Six, Primary Seven and Senior One; we are delighted to consider applications for a number of places in other years. The closing date for applications for all year groups is 1 December 2023; late applications will be accepted provided there are vacancies. All applicants with specific educational needs will be treated sensitively and the input of our Support for Learning Department will be sought. Should you be offered and accept a place for your child at George Heriot's School, you will be asked to pay an acceptance fee.

Primary One

Entry to Primary One is by assessment, which lasts approximately 30 minutes. Every effort is made to ensure that children are relaxed and enjoy the experience. Assessments take place in the January prior to the session of entry.

Primary Two, Three, Four and Five

Although we do not take new classes at these stages we are generally able to offer a small number of places in each year group. Assessments for Primary Two take place in January whilst those for Primaries Three, Four and Five take place in November/December.

Primary Six and Seven

We take in new classes at Primary Six and Primary Seven. The assessments take place in November/December. Children are asked to complete assessments covering English, Maths and Reasoning. They also spend time working with each other on group tasks and have a short group interview.

Senior One

The entrance assessment is held in January. Children spend the day with us, sitting assessments which cover English, Maths and Problem Solving. The children have a chance to meet one another, take part in some fun activities and meet members of the teaching staff and Senior School Leadership Team, during the day.

Many candidates arrive a little apprehensively, but, by and large, they enjoy the day!

Senior Two–Senior Six

We welcome applications for S3 and S5 and are normally able to offer a few places in S2. We do not take new pupils in to S4. All applicants will be tested in English, Maths and a Reasoning. They will also meet with members of staff to discuss curricular requirements. Entry to S6 is by interview with the Principal and Head of Sixth Year.

For Entry in Session 2024 – 2025

Important dates

For the convenience of parents, dates are agreed each year by most Edinburgh independent schools for the posting of offers of places at certain important stages. Similarly, for the convenience of the schools as well as of parents, 'reply-by' dates are also agreed, and parents are asked to adhere to them. The timing of entrance assessments has also been arranged in order to avoid, as far as possible, clashes for pupils applying to more than one school.

The main dates are listed below. Recent experience has shown that an increasing number of parents are making application outwith the 'traditional' times, perhaps indicating that they are not aware of the existence of these arrangements. Application is, of course, welcome at any time but it is undoubtedly in the best interest of everyone that it be made well in advance of the planned testing dates. For entry to P1-S6 in August 2024 we ask that application be made no later than 1 December 2023. Should you wish to apply for places in P3–7, it would be helpful to have applications in by mid-November. Nursery places are allocated on a first come, first served basis, with some sibling priority, in the September of the year before entry.

Assistance with Fees

The Foundation

The Foundation is at the very heart of Heriot's and provides full fee remission to the sons and daughters of widows or widowers. Places are awarded at the discretion of the Governors to prospective pupils from Primary Six upwards, who meet both residential and financial criteria and who have fulfilled the entrance requirements. The residence criteria requires prospective pupils to have been resident in the EH, FK, or KY postcode areas for at least five years prior to the date of the application. The Governors also consider applications for prospective pupils who do not themselves meet the residence criteria but one of whose parents has had a significant and long standing connection with the City of Edinburgh. Foundation places can also be awarded to current pupils from Primary Six upwards, whose families meet the financial criteria. Applications should be made by 1 December each year for the following session, although parents of current pupils may apply outwith this period if their circumstances change. For further information please contact the Bursar.

Heriot Bursaries

Financial assistance towards payment of school fees can be given to pupils of families meeting the qualifying financial criteria – and who have fulfilled the School's academic entrance requirements. Heriot Bursaries are available for pupils entering Primary Six upwards; Heriot Bursaries are also available for existing pupils from Primary Six upwards whose families meet the qualifying financial criteria. All Heriot Bursaries are awarded annually and families are welcome to re-apply for the following session.

The amount of a Heriot Bursary award is assessed on the basis of individual circumstances although normally a Heriot Bursary award is at least one third of the annual fees. Higher awards including, on an exceptional basis, awards of full fees, can be made. All awards are made at the discretion of the Principal and the Governors, and are subject to satisfactory behaviour and continuing effort.

Applications should be made by 1 December each year for the following session, although parents of current pupils may apply outwith this period if their circumstances change. For further information please contact the Bursar.

Qualifying Financial Criteria

In order to qualify for Finance Assistance awards, total gross household income must not exceed the qualifying limit set by the Governors each year. Currently, this limit is:

Foundation Applicants	£45,000 per annum
Heriot Bursary Applicants	£58,000 per annum

Any change will be published on our website.

These figures are adjusted to take account of additional children in the family (up to age 18 or 23 if in full time education) and any Heriot's school fees being paid for other children in the family.

In assessing eligibility for Financial Assistance, account is also taken of available capital assets.

Fee Remission For Siblings

For families who joined the school from Session 2018-19 onwards, there is fee remission of 25% for fourth and subsequent children when four children are at the School (P1–S6) at any one time. New pupils who already have two siblings in school, who joined prior to Session 2018-19, will continue to be eligible for the third child sibling remission of 25%. No fourth child or other remission is available for children in the Nursery.

Scholarships

Academic Scholarships

One Scholarship award of half fees may be made to the top pupil entering Senior One from outside Heriot's. One Scholarship award of half fees may also be made to the P7 Dux joining Senior One. Scholarships may also be awarded to other candidates entering Senior One, external and internal; these awards will normally take the form of an appropriate prize and will carry no fee remission.

Expressive Arts Awards

Application may be made for special skills awards in Music, Art & Design and Drama by parents of pupils entering Heriot's from other schools. These are available to pupils from S1 onwards, who meet the relevant criteria in each subject. External awards will be 10% of the annual fee and a maximum of one award will be made in each discipline each year. One internal scholarship may also be awarded in each discipline annually in the form of an appropriate prize. Further details of the basis upon which these awards are offered may be obtained from the School.

Sports Scholarships

Up to four Sports Scholarships, in the form of an appropriate prize, will be available each year to pupils already at Heriot's. No application is necessary for these Scholarships.

Scholarship Awards are not based on any financial criteria.
