

This 'Think on it!' task was taken from, 'Big Thinkers and Big Ideas: An Introduction to Eastern and Western Philosophy for Kids', by Sharon Kaye, PhD.

THINK ON IT!

Are your beliefs justified? Do you think they need to be justified? What do you think might justify them? Make a list of ten of your own beliefs. Do you think you have any of these beliefs because somebody forced you to believe them? Would it bother you if you found out some of your beliefs were forced? Ask a friend to look at your list and pick a belief that they do not share. Now compare justifications for your different beliefs.
