

This 'Think on it!' task was taken from, 'Big Thinkers and Big Ideas: An Introduction to Eastern and Western Philosophy for Kids', by Sharon Kaye, PhD.

THINK ON IT!

Make a list of three claims you are skeptical of. What makes you doubt them? Interview a few people about each of these claims. If you ask enough questions, do they end up contradicting themselves? Which of their views seem best? Are you ready to accept the best view? Or would you rather not decide that just one belief is true? Does making no judgment give you peace of mind?
