

This 'Think on it!' task was taken from, 'Big Thinkers and Big Ideas: An Introduction to Eastern and Western Philosophy for Kids', by Sharon Kaye, PhD.

THINK ON IT!

1. Creativity can be defined as using original ideas to produce art. Do you think it is possible to program a computer to be creative? Why or why not?
2. Morality can be defined as knowing what is right and wrong. Do you think it is possible to program a computer to be moral? Why or why not?
3. Understanding can be defined as personal judgment of a situation. Do you think it is possible to program a computer to understand? Why or why not?
